WELCOME TO FLORATTICA

Join us as we explore the Seven Virtues, not as ideals,
but as instincts.

Each cocktail is a reflection of the forces that shape
us: the quiet pull of Hope, the heat of Ambition, the
defiance of Courage, the restraint of Temperance.

These are not gentle traits; they are powerful,
complex, and at times, contradictory.

Through bold spirits, unexpected pairings, and
layered flavours, every drink captures a different
expression of virtue, reimagined for the modern
world. Refined, yet rebellious. Elegant, yet
unapologetically intense.

At Florattica, virtue isn't about perfection.
It's about balance, tension, and the choices we make
in between.

Sip slowly. Choose wisely.
